THREE TOURS TO BE MADE BY TAFT

Strenuous Campaign Planned for the Candidate.

FIRST TRIP THROUGH WEST

Will Begin at Cincinnati on Sept. 23 and Will End Oct. 7 at Galesburg, Ill.—Nine States to Be Visited on This Tour—Second Trip Will Take Him Into Kentucky and Tennessee and the Last Will Be in the East.

Cincinnati, Sept. 17.—Judge William H. Taft will make three campaign tours. His first will begin here Sept. 23 and end Oct. 7, at Galesburg, Ill.

This trip will take him through Wisconsin, Minnesota, North and South Dakota, Iowa, Nebraska, Colorado, Kansas and Missouri. He will make one or more set speeches in each of these states, and fill in with numerous short addresses from the rear platform of his special train.

The second trip, which will be arranged in detail later, will take him into Kentucky, Tennessee and possibly North Carolina.

The last trip will be in the East. New York city will be visited and a speech will be made in the Northern part of the Empire state. It has been decided that New England will not be included in this trip, but speeches will be made in Maryland, Pennsylvania, West Virginia and Ohio.

This plan of campaign for the Republican presidential candidate was decided on at a conference between Judge Taft, Chairman Hitchcock of the Republican national committee; Senator Dixon of Montana, director of the Western speakers' bureau; Charles Nagel, national committee-man from Missouri and in charge of the Chicago Republican headquarters; Robert A. Ballinger, member from Washington of the advisory committee, and A. I. Vorys.

Taft Pleased With Details of Trip.

At the conclusion of the conference Judge Taft expressed himself as highly gratified that the details of the first trip had been settled and that others had been determined upon.

The exact itinerary of the first trip, which has been worked out by Senator Dixon, was made public by the senator. It is as follows:

HILL HONORED BY HIS OLD EMPLOYEES

Railroad Magnate Is Guest at Unique Banquet.

St. Paul, Sept. 17.—Surrounded by seventy men who have been life long employees of his great system of railways, James J. Hill spent what he termed one of the happiest evenings of his life at a banquet at the Lafayette club at Lake Minnetonka given in honor of the railroad magnate's seventieth birthday, by members of his immense force of helpers, every one

JAMES J. HILL.

of whom had spent at least twenty-eight continuous years in service of either the St. Paul, Minneapolis and Manitoba railway or the Great Northern.

From every walk of life and from all parts of the system, the aged railroaders came to make the event one of the most impressive in the entire seventy years of the noted railroad man's life. The old timers of the Great Northern themselves were hosts and their superior was their guest for the evening.

The party was taken in a special train from St. Paul to Lake Minnetonka by the first engine the Hill system ever owned, an old wood burner named "William Crooks."

Hurricane Bound for Newfoundland.

Washington, Sept. 17.—The West Indian hurricane has passed over the Bahama islands, according to reports received at the weather bureau, and is moving toward Newfoundland.

ALSO CRITICISES ROOSEVELT

Nebraskan Loses No Opportunity to Arraign the Republican Candidate and the President—Advises People Not to Be Scared Away From Supporting the Democratic Ticket by Threats of a Panic.

Rochester, N. Y., Sept. 17.—A speech by William J. Bryan, Democratic candidate for president, in this city on "Mr. Taft and His Scares," and two overflow talks formed the climax of an eventful day in the present campaign.

Arriving here and met by thousands of friends, Democracy's leader was accorded an ovation. Along with him from Syracuse came the new Democratic nominee for governor of New York, Lewis Stuyvesant Chanler, who was literally lifted out of an automobile in the street there onto the car because of the great throng which had assembled to catch a view of Mr. Bryan.

Among those at the station here to meet him was National Chairman Mack, William J. Conners, chairman of the Democratic state committee; Charles F. Murphy, the Tammany chieftain, and Daniel F. Colahan.

The principal speech was in Convention hall, where the Democratic state convention finished its labors and which was packed to the doors, with several thousand on the outside unable to gain admittance. Mr. Bryan was accorded a great demonstration by his audience, among whom were the Democratic leaders of the state and most of the delegates to the convention, just adjourned.

Starting from Weehawken, N. J., Mr. Bryan's journey through the Empire state was a triumphant one. Everywhere along the lines of the West Shore and New York Central railroads immense crowds turned out and greeted him with cheers, hand-clapping and the waving of flags and banners. At each place a speech was insisted on and when he had gotten through for the day he had spoken seventeen times. The Democratic platform was the weapon with which he sought to convince his hearers of the righteousness of the Democratic cause. He never lost an opportunity to flay both President Roosevelt and Mr. Taft.

His Most Important Utterance.

Perhaps his most important utterances on the way here were at Kingston, where he advised the people not to allow the Republican leaders to scare them away from the support of the Democratic ticket by the threats of a panic. Mr. Taft, he characterized as President Roosevelt's "appointee," and he declared that Mr. Roosevelt's endorsement of Mr. Taft was "the endorsement of a bankrupt against whom one could not collect."

Utica, the home town of Representative James S. Sherman, the Republican nominee for vice president, vied with other places in the greeting to the Democratic candidate. Hundreds were at the station when his train pulled in and the crowd immediately demanded a speech.

The passage of the train through Washington street in Syracuse, a distance of over a mile, was a memorable one. Bryan and Kern pictures were displayed on every tree and in many windows, cannons boomed and a surging mass of humanity followed the car until it stopped in the down town section of the city. Mr. Chanler, who was in an automobile, was wedged in by the crowd, but seeing him, Mr. Bryan and several others reached out and lifted him onto the train. Mr. Bryan gracefully put the gubernatorial nominee to the front and announced that before he himself would speak, he wanted to have the "honor and pleasure of introducing to you the next governor of the state of New York."

Mr. Chanler bowed to the throng amid great applause and then Mr. Bryan paid a glowing tribute to Mr. Chanler, saying he was glad to meet him, "so soon after this deserving honor has been visited upon him by the Democratic state convention of New York."

Speaking on the issues of the campaign, Mr. Bryan said he was very glad to find in Syracuse an enthusiasm and a unity that promised Democratic victory. "The questions that had divided the Democratic party," he declared, "have disappeared and Democracy now presents a solid front in every state in the Union."

SEVERAL CASES OF CHOLERA IN MANILA

Death Record So Far From the Plague Is Twelve.

Manila, Sept. 17.—Thirty-one cases of cholera have been reported in this city in all, and the death record up to the present time is twelve.

A free hand has been given the health bureau in its campaign against the disease and 100 additional inspectors were started out on a systematic investigation of the sanitary conditions of the city. The bureau is devoting every effort to the work of stamping out the plague before it gets a grip on the city. The churches and schools are co-operating in this work, a general movement to check the spread of the disease having been set afoot by the authorities, and the health officials declare that they are not alarmed, but are confident that the city will be thoroughly cleaned up and the plague situation under complete control within ten days or a fortnight.

Another case of cholera has been reported on the transport Sheridan, which is under quarantine restrictions at the harbor quarantine station at Mariveles, and the vessel will be detained an additional three days.

So far the cholera cases have been confined almost exclusively to the Filipinos.

THREE TOURS TO BE MADE BY TAFT

Strenuous Campaign Planned for the Candidate.

FIRST TRIP THROUGH WEST

Will Begin at Cincinnati on Sept. 23 and Will End Oct. 7 at Galesburg, Ill.—Nine States to Be Visited on This Tour—Second Trip Will Take Him into Kentucky and Tennessee and the Last Will Be in the East.

Cincinnati, Sept. 17.—Judge William H. Taft will make three campaign tours. His first will begin here Sept. 23 and end Oct. 7, at Galesburg, Ill.

This trip will take him through Wisconsin, Minnesota, North and South Dakota, Iowa, Nebraska, Colorado, Kansas and Missouri. He will make one or more set speeches in each of these states, and fill in with numerous short addresses from the rear platform of his special train.

The second trip, which will be arranged in detail later, will take him into Kentucky, Tennessee and possibly North Carolina.

The last trip will be in the East. New York city will be visited and a speech will be made in the Northern part of the Empire state. It has been decided that New England will not be included in this trip, but speeches will be made in Maryland, Pennsylvania, West Virginia and Ohio.

This plan of campaign for the Republican presidential candidate was decided on at a conference between Judge Taft, Chairman Hitchcock of the Republican national committee; Senator Dixon of Montana, director of the Western speakers' bureau; Charles Nagel, national committeeman from Missouri and in charge of the Chicago Republican headquarters; Robert A. Ballinger, member from Washington of the advisory committee, and A. I. Vorys.

Taft Pleased With Details of Trip.

At the conclusion of the conference Judge Taft expressed himself as highly gratified that the details of the first trip had been settled and that others had been determined upon.

The exact itinerary of the first trip, which has been worked out by Senator Dixon, was made public by the senator. It is as follows:

Sept. 23, Brook, Ind.; Sept. 24, Milwaukee; Sept. 25, Madison, Wis.; Sept. 26, St. Paul and Minneapolis; Sept. 27 (Sunday), Minneapolis; Sept. 28, Fargo, N. D.; Sept. 29, Mitchell, S. D.; Sept. 30, Fort Dodge, Ia., noon, and Omaha, Neb.; Oct. 1, trip through Nebraska westward; Oct. 2, Denver; Oct. 3, Topeka, Kan.; Oct. 4 (Sunday), Kansas City; Oct. 5, St. Joseph, Mo.; Oct. 6, St. Louis; Oct. 7, Chicago and Galesburg, Ill.

Judge Taft will travel in a special train and with him will be two other speakers of national repute. While it has not been decided definitely who these will be, it was stated here that Senator Dolliver of Iowa would likely be one.

During the trip the arrangements for the meetings will be in charge of local committeemen, and local speakers will also be invited on the train at various places.

After the conference, Chairman Hitchcock expressed himself generally on the manner of campaign which has been decided upon, making it plain that beginning with the first of October the "racket and red fire" features will be fast enough and strenuous enough to silence all criticism.

"Is that you, Frank?" asked Mrs. Tippins in a nervous voice as she heard some one moving about in the next room in the darkness.

"It is," replied Mr. Tippins. "You gave me such a shock. I thought at first there was a man in the house."—Exchange.

ARRIVE AT NAPLES.

Vanguard of American Battleship Fleet Cordially Welcomed.

Naples, Sept. 17.—Far along toward the completion of the circuit of the globe, the battleships Maine and Alabama, the vanguard of the American Atlantic fleet, arrived here and were given an enthusiastic welcome. Thousands gathered at the waterfront when the sound of the guns, booming salutes, was heard, and later when officers and men came ashore the inhabitants of Naples received them with a hospitality that indicated a thorough appreciation of the visit.

The government and naval officials made arrangements to give the American visitors a royal entertainment while they are here, and there are many decorations to be seen on public buildings and a fine display of the Stars and Stripes.

The commanding officers of the two battleships expressed themselves as well satisfied with the record their ships have made and with the fitness of the men in what has never before been attempted by men-of-war, a voyage around the world.

"That's a queer design you have in the corner of your billhead," remarked Slopay.

"It's merely a little flower," replied the tailor.

"Think it's appropriate, eh?"

"Yes, it's a forgetmenot."—Philadelphia Press.

For the Hard-to-Please

THE man who knows what he wants and who will take nothing short of it—he's welcome here. He's welcome to search, and pick over, and test, and try on, and look for flaws with all his eyes. We'll help him look. Because when we've once convinced a painstaking, particular buyer that our clothes prove genuine quality in every test and comparison, we've made a customer worth having.

We have hundreds of these worth-having customers who have found out for themselves the value of Kuppenheimer Clothes—whose faith is in the Kuppenheimer label because of what it means, not now-and-then, but always.

The illustration above shows the Kuppenheimer Watershed, a rainproof coat.

Under storm clouds or fair weather, the Watershed is unusually good form, good style, good protection. You'd never know it was a rain coat—till it rains.

And quality distinguishes the Watershed, as it does every other Kuppenheimer garment.

Big Day at the Fair

The Brainerd band will go to Pine River tomorrow, Friday, to play at the third annual fair of the Cass County Agricultural Association, which this year promises to be an event well worth while. Over \$1,300 is being offered in premiums and prizes and the racing program for tomorrow alone includes four big events. Horses from Vermillion, Bemidji, Brainerd and other points have been entered to compete with local speeders at Pine River. One of the big features in the entertainment line will be the wrestling match between Lerlowe Pierce, of Newhampton, Ia., who claims the championship of the world at his weight, and "Kid" Boode, of Calgary, Alberta, who has an enviable reputation as a comer.

Pierce agrees to throw Boode three times in sixty minutes or forfeit \$25.00 and the gate receipts. The match will occur in Opera hall at 7:30. A special train will leave here tomorrow morning at 9:15 which will stop at all intermediate points on the line and arrive at Pine River about 10:15. Returning the train will leave Pine River at 9:00 o'clock p. m., with out fail. The fare for the round trip from here is \$1.22. A large number of people will accompany the band on their trip north.

LITTLE GIRL FOUND DEAD MAN'S MONEY

Youngest Daughter of Celesten Sylvester Discovers Father's Hoard of Money

IS IN HANDS OF THE COURT

Wife From Whom He was Separated Endeavored to Secure Possession of It

A searching party consisting of Coroner Gibson, Mrs. Sylvester, who had lived separate from him for the past six years, and a Julia Sylvester, the youngest daughter of the late Celesten Sylvester, went to the barn at the resort on Water street where Mr. Sylvester was working at the time of his death, and made a search for the valuables he was supposed to have hidden. After some search the little girl discovered his purse and a wallet, the latter wrapped in oiled paper, tucked in between a salt barrel and the wall. In the purse were three silver dollars and sixty odd cents in small change. In the wallet was \$265 in bills.

Mrs. Sylvester tried to get the money but it was turned over to Judge Sanborn, in whose hands it now is. Only a little over a week before his death Mr. Sylvester had sent the little girl and a young son to Little Falls to the convent or sisters' school there, and had paid their schooling a month in advance and expressed a desire to have them brought up at the school.

Commander Fox, of Pap Thomas Post, stated that the post would apply at once to Judge Sanborn asking that a proper guardian be appointed for the two children and that they be placed in some proper school or home.

A Paying Investment
Mr. John White, of 38 Highland Ave., Houlton, Maine, says: "Have been troubled with a cough every winter and spring. Last winter I tried many advertised remedies but the cough continued until I bought a 50c bottle of Dr. King's New Discovery; before that was half gone, the cough was all gone. This winter the same happy result has followed; a few doses once more banished the annual cough. I am now convinced that Dr. King's New Discovery is the best of all cough and lung remedies." Sold under guarantee at H. P. Dunn's drug store. 50c, \$1.00. Trial bottle free.

A Sure-enough Knocker
J. C. Goodwin, of Reidsville, N. C., says: "Bucklen's Arnica Salve is a sure-enough knocker for ulcers. A bad one came on my leg last summer, but that wonderful salve knocked it out in a few rounds. Not even a scar remained." Guaranteed for piles, sores, burns, etc. 25c at H. P. Dunn's drug store.

Nearby Election News
From present indications the Cass county voters renominated Byhre for auditor, Delury beat Kinkle for the nomination of sheriff and Funky defeated Scribner for county attorney. The official canvas may change the matter of county attorney as there are conflicting reports.

P. H. McGarry, of Walker, has defeated LaDu, of Pine River, for the nomination of representative, and his running mate will be A. L. Hamilton, of Aitkin.

Frank Lyons was nominated for county attorney of Morrison county.

John P. Rau defeated Auditor Creaver of Stearns county for the renomination.

STRUCK BY LIGHTNING.

Powder Magazine Explodes and Kills a Miner.

McAlester, Okla., Sept. 17.—A powder magazine used by a wholesale powder company for the storage of powder, was struck by lightning, the explosion killing one miner, Arthur Richards, and seriously injuring eight others. Richards' head was completely severed from the body. The shock of the explosion shook the country for a radius of several miles, broke windows in practically all buildings within a radius of 400 yards and cracked plate glasses in the business section of McAlester, nearly two miles away. A number of miners' houses near the mine were completely demolished, as well as a long string of box cars on a siding.

How to Get Strong
P. J. Daly, of 1247 W. Congress St., Chicago, tells of a way to become strong. He says: "My mother who is old and very feeble, is deriving so much benefit from Electric Bitters, I that feel it's my duty to tell those who need a tonic and strengthening medicine about it. In my mother's case a marked gain in flesh has resulted, insomnia has been overcome, and she is steadily growing stronger." Electric Bitters quickly remedy stomach, liver and kidney complaints. Sold under guarantee at Dunn's drug store. 50c.

LITTLE GIRL FOUND DEAD MAN'S MONEY

Youngest Daughter of Celesten Sylvester Discovers Father's Hoard of Money

IS IN HANDS OF THE COURT

Wife From Whom He was Separated Endeavored to Secure Possession of It

A searching party consisting of Coroner Gibson, Mrs. Sylvester, who had lived separate from him for the past six years, and a Julia Sylvester, the youngest daughter of the late Celesten Sylvester, went to the barn at the resort on Water street where Mr. Sylvester was working at the time of his death, and made a search for the valuable he was supposed to have hidden. After some search the little girl discovered his purse and a wallet, the latter wrapped in oiled paper, tucked in between a salt barrel and the wall. In the purse were three silver dollars and sixty odd cents in small change. In the wallet was \$265 in bills.

Mrs. Sylvester tried to get the money but it was turned over to Judge Sanborn, in whose hands it now is. Only a little over a week before his death Mr. Sylvester had sent the little girl and a young son to Little Falls to the convent or sisters' school there, and had paid their schooling a month in advance and expressed a desire to have them brought up at the school.

Commander Fox, of Pap Thomas Post, stated that the post would apply at once to Judge Sanborn asking that a proper guardian be appointed for the two children and that they be placed in some proper school or home.

A Paying Investment

Mr. John White, of 38 Highland Ave., Houlton, Maine, says: "Have been troubled with a cough every winter and spring. Last winter I tried many advertised remedies but the cough continued until I bought a 50c bottle of Dr. King's New Discovery; before that was half gone, the cough was all gone. This winter the same happy result has followed; a few doses once more banished the annual cough. I am now convinced that Dr. King's New Discovery is the best of all cough and lung remedies." Sold under guarantee at H. P. Dunn's drug store. 50c, \$1.00. Trial bottle free.

How to Get Strong

P. J. Daly, of 1247 W. Congress St., Chicago, tells of a way to become strong. He says: "My mother who is old and very feeble, is deriving so much benefit from Electric Bitters, I that feel it's my duty to tell those who need a tonic and strengthening medicine about it. In my mother's case a marked gain in flesh has resulted, insomnia has been overcome, and she is steadily growing stronger." Electric Bitters quickly remedy stomach, liver and kidney complaints. BOARDING CARS BURNED

Two Diners and a Kitchen Car Were Destroyed Near Klondike by Fire Wednesday Night

Three boarding cars in the gravel pit between Klondike and Deerwood were destroyed by fire Wednesday evening. While the cars were in use there had been no fire in them for several hours and it is not known how they started. The cars burned consisted of a kitchen car and two diners and the only theory, and that is only a supposition, is that the fire must have caught from the kitchen stove. No one was injured, and as the cars were rebuilt, old model box car, the loss was comparatively small, although there were some supplies destroyed.

A MONARCH Range

Actually Pays for itself in
COLDICASH

BY: reducing fuel bills 25 to 50 per cent.

BY saving one quarter of the time usually spent in the kitchen.

Monarch
MALLEABLE
The "Stay Satisfactory" Range

BY eternally doing away with nearly ALL of the disagreeable labor necessary to keep the ordinary range half way presentable.

Understand us!

Time, fuel and labor represent real money and the Monarch Range will positively save enough of all three to pay back its own cost in a short time.

We don't make this statement thoughtlessly, but with a desire to demonstrate it to every intending range buyer.

Our years of experience as range dealers convinces us that the construction of the Monarch fully justifies this claim.

How the Monarch Malleable Range Saves

TIME

Much time is wasted with a common range waiting for hot fire in the morning or a baking heat during the day. The Monarch works PROMPTLY. A piping hot fire in five minutes after opening drafts is the regular thing.

FUEL

Ranges of common type WASTE fuel because outside air is drawn in through its open seams and joints. The Monarch utilizes ALL the heat in the coal or wood. It is built AIR-TIGHT by riviting its steel plates to Malleable iron frames—no stove bolts or putty used.

LABOR

The hardest and most disagreeable tasks about the kitchen are blacking the range top and cleaning the crusted black bottoms of cooking utensils. All this is done away with by the Monarch polished top that don't require stove blacking.

Colorado River Dredging Company

OFFICERS AND DIRECTORS

No business in the world will make quicker, surer and larger profits than Gold Dredging

We own 460 acres of placer ground that expert engineers say contain \$23,000,000. We also have practically the exclusive right to dredge about 20 miles of the bed of the Colorado River, which they say contains at least \$180,000,000 more of free gold. We also have the right to dredge other parts of this river bed which are also very rich in free gold. We believe that for the next 50 years we can pay a yearly dividend of 400 per cent on an investment at 25 cents a share; the very low price at which we are now selling a limited amount of stock to raise the additional amount necessary to buy our dredges. The price will be advanced after October 15, 1908 to 35 cents a share and after January 1, 1909 to 50 cents a share. After our first dredge begins work, the price will be advanced to \$1.00 a share. If you want any stock at this bottom price, order now; it will all soon be gone.

We have ordered our first dredge which will be put at work as soon as completed and expect to put three others at work as soon as they can be built.

NAME CHANLER FOR GOVERNOR

New York Democrats Nominate a State Ticket.

MAKES ATTACK ON MURPHY

Patrick McCarron Resents What He Terms an Insult on the Floor of the Convention at Rochester—State Agreed Upon by the Leaders Goes Through Without Any Other Opposition.

Rochester, N. Y., Sept. 17.—Patrick McCarron made a savage attack on Charles F. Murphy before the Democratic state convention after the nomination by acclamation of Chanler, Dix and the other on the state ticket, down to state engineer.

The hauling out of the feud nearly disrupted the convention and many of the delegates rose from their seats and remained standing until McCarron lost on roll call in advocating the nomination of C. L. Smith of Queens.

Phillip L. Farley of Brooklyn, a nephew of Archbishop Farley, was nominated for state engineer as the choice of seven anti-McCarron leaders. Smith was then placed in nomination and McCarron jumped to his feet in a second.

"I resent the insult," he cried. "The Democracy of Kings has no candidate for engineer, and it does not propose to be insulted by having one thrust upon it. If you do so, we will not be responsible for the resentment of the Kings voters."

McCarron sat down amid wild confusion and a roll call was immediately demanded. New York cast 105 votes for Farley and the total was announced, for Farley 321; Smith 92.

A harmony programme had been put through with great success until the Farley incident, but the recurrence of the McCarron-Murphy feud cast a wet blanket over the day's work, and when the convention finally adjourned, the chances of ultimate harmony were considered remote.

Following is the Democratic state ticket:

Governor—Lewis Stuyvesant Chanler of Dutchess.

Lieutenant Governor—John A. Dix of Washington.

Secretary of State—John S. Whalen of Monroe.

Comptroller—Martin H. Glynn of Albany.

Attorney General—George M. Palmer of Schoharie.

Treasurer—Julius Hauser of Suffolk.

State Engineer and Surveyor—Philip P. Farley of Kings.

The platform arraigns the administration of Governor Hughes and pledges earnest support to the Denver platform and candidates.

DOMINATED CONVENTION.

Former Governor Waller Dictated Choice of Connecticut Democrats.

Hartford, Conn., Sept. 17.—In many ways the Democratic state convention which placed in the field a state ticket and a nominee for representative-at-large in congress, was unique in the annals of gatherings of delegates representative of a political party in Connecticut. It was a convention in which one man was almost absolute master of the situation. That man was former Governor Thomas M. Waller, whom nearly every delegate in the convention wanted to have nominated for governor, but who found it a physical impossibility to respond to the call of the party. By his speech, given with much of the old time vigor, he led the delegates from their intentions and made them ratify the name of Judge A. Heaton Robertson of New Haven for governor. The rest of the ticket is as follows:

Lieutenant governor, Rollin U. Tyler; secretary of state, Andrew J. Broughel; state treasurer, George Mischler; state controller, John M. Brady; congressman-at-large, Christopher Avery.

Fifteen of the sixteen planks in the platform adopted are given up to state issues.

RETRACTS HIS STATEMENT

Police Commissioner Bingham Admits His Figures Were Unreliable.

New York, Sept. 17.—Police Commissioner Bingham signaled his return from his vacation by publicly retracting the figures contained in an article written by him and recently published in a magazine to the effect that the Jewish population of New York furnished one-half the criminals of the city.

"The figures used in the article," said Mr. Bingham, "were not compiled by myself, but were furnished to me by others, and unfortunately were assumed to be correct. It now appears, however, that these figures were unreliable. Hence it became my duty frankly to say so, and to repudiate them."

His purpose in writing the article, he went on to say, was not to disclose an inquiry into the race, religion or nationality of those charged with criminality, but solely to make a plea for a secret service fund in order that criminality might be more effectively dealt with and he wanted to impress the public with the idea of the number of foreigners with which the police have to deal.

CANNON IN KANSAS.

Speaker Opens Republican Campaign in That State.

Independence, Kan., Sept. 17.—Speaker Joseph G. Cannon of the national house of representatives made two speeches here at the opening of the Republican state campaign in Kansas. At the afternoon meeting at the Auditorium Mr. Cannon said he had come to Kansas to help his friend Phil Campbell. He read to the audience a telegram announcing the re-nomination of Congressman Tawney of Minnesota and expressed his satisfaction. Mr. Cannon said that he had been accused of being a "standpatter." Two years ago he and Congressman Campbell of Kansas had a conference with President Roosevelt and the president insisted that then was no time to bring on a tariff fight in congress; that it should be staved off until conditions were more favorable. He (Cannon) helped to stave it off and yet he is the only one to get the blame.

We own 460 acres of placer ground that expert engineers say contain \$23,000,000. We also have practically the exclusive right to dredge about 20 miles of the bed of the Colorado River, which they say contains at least \$180,000,000 more of free gold. We also have the right to dredge other parts of this river bed which are also very rich in free gold. We believe that for the next 50 years we can pay a yearly dividend of 400 per cent on an investment at 25 cents a share; the very low price at which we are now selling a limited amount of stock to raise the additional amount necessary to buy our dredges. The price will be advanced after October 15, 1908 to 35 cents a share and after January 1, 1909 to 50 cents a share. After our first dredge begins work, the price will be advanced to \$1.00 a share. If you want any stock at this bottom price, order now; it will all soon be gone.

We have ordered our first dredge which will be put at work as soon as completed and expect to put three others at work as soon as they can be built.

Lured to a Lonely Spot and Shot and Robbed.

Oklahoma City, Okla., Sept. 17.—Lured to a lonely spot in Central park addition, Mrs. Mary Pearson, aged twenty-one, was shot and fatally wounded by Harry Parker, aged twenty-eight, a grain inspector from Iola, Kan. Mrs. Pearson died of her wounds. Parker escaped.

According to a statement by Mrs. Pearson before her death, Parker took her to see some property for which he wanted her to act as agent. When they reached an out of the way place he asked her to fly with him to Mexico. She refused, and he shot her three times took her diamonds, valued at \$200, and fled.

Appleton, Wis., Sept. 17.—Because raw material is much cheaper in Canada and labor is considerably cheaper we would have to go out of business if the tariff on wood pulp were to be cut off, unless we could obtain higher prices for our sulphite than we are receiving at the present time," said N. M. Jones of Bangor, Me., manager of the Kathahdin Pulp and Paper company at Lincoln, Me., before the congressional investigating committee continuing, Mr. Jones said:

"Unless we can get our material as cheaply as the Canadian mills do, we would have to quit business, for we could not compete with them."

Chairman Mann of the investigating committee asked Mr. Jones if, in his opinion, the pulp wood supply is ample in this country for an almost indefinite period. Mr. Jones replied by saying that in Maine the supply is perhaps practically inexhaustible, but in the Middle West, especially in Wisconsin, Michigan and Minnesota, the manufacturers will soon be obliged to procure their pulp wood from Canada.

DOMINATED CONVENTION.

Former Governor Waller Dictated Choice of Connecticut Democrats.

Hartford, Conn., Sept. 17.—In many ways the Democratic state convention which placed in the field a state ticket and a nominee for representative-at-large in congress, was unique in the annals of gatherings of delegates representative of a political party in Connecticut. It was a convention in which one man was almost absolute master of the situation. That man was former Governor Thomas M. Waller, whom nearly every delegate in the convention wanted to have nominated for governor, but who found it a physical impossibility to respond to the call of the party. By his speech, given with much of the old time vigor, he led the delegates from their intentions and made them ratify the name of Judge A. Heaton Robertson of New Haven for governor. The rest of the ticket is as follows:

Lieutenant governor, Rollin U. Tyler; secretary of state, Andrew J. Broughel; state treasurer, George Mischler; state controller, John M. Brady; congressman-at-large, Christopher Avery.

Fifteen of the sixteen planks in the platform adopted are given up to state issues.

Cholera Attacks the Better Classes in St. Petersburg.

St. Petersburg, Sept. 17.—The official bulletins issued on the cholera situation give the number of cases in the city as 249 with 70 deaths. M. Worsoff, manager of the Schlusselburg Steamship company, was stricken with the disease, indicating that the infection is beginning to spread to the better classes.

The Novoe Vremya urges that the prefect of St. Petersburg be entrusted with complete power to take charge of the situation in view of the inefficiency of the municipal authorities.

NAME CHANLER FOR GOVERNOR

New York Democrats Nominate a State Ticket.

MAKES ATTACK ON MURPHY

Patrick McCarron Resents What He Terms an Insult on the Floor of the Convention at Rochester—State Agreed Upon by the Leaders Goes Through Without Any Other Opposition.

Rochester, N. Y., Sept. 17.—Patrick McCarron made a savage attack on Charles F. Murphy before the Democratic state convention after the nomination by acclamation of Chanler, Dix and the other on the state ticket, down to state engineer.

The hauling out of the feud nearly disrupted the convention and many of the delegates rose from their seats and remained standing until McCarron lost on roll call in advocating the nomination of C. L. Smith of Queens.

Phillip L. Farley of Brooklyn, a nephew of Archbishop Farley, was nominated for state engineer as the choice of seven anti-McCarron leaders. Smith was then placed in nomination and McCarron jumped to his feet in a second.

"I resent the insult," he cried. "The Democracy of Kings has no candidate for engineer, and it does not propose to be insulted by having one thrust upon it. If you do so, we will not be responsible for the resentment of the Kings voters."

McCarron sat down amid wild confusion and a roll call was immediately demanded. New York cast 105 votes for Farley and the total was announced, for Farley 321; Smith 92.

A harmony programme had been put through with great success until the Farley incident, but the recurrence of the McCarron-Murphy feud cast a wet blanket over the day's work, and when the convention finally adjourned, the chances of ultimate harmony were considered remote.

Following is the Democratic state ticket:

Governor—Lewis Stuyvesant Chanler of Dutchess.

Lieutenant Governor—John A. Dix of Washington.

Secretary of State—John S. Whalen of Monroe.

Comptroller—Martin H. Glynn of Albany.

Attorney General—George M. Palmer of Schoharie.

Treasurer—Julius Hauser of Suffolk.

State Engineer and Surveyor—Philip P. Farley of Kings.

The platform arraigns the administration of Governor Hughes and pledges earnest support to the Denver platform and candidates.
